

COSHH RISK ASSESSMENT

Jangro Glass & Mirror Cleaner (750ml)

Product Code: BA027-75

PROCESS STAGE	POTENTIAL RISK	CONTROL MEASURES	ACTION REQUIRED
DELIVERY			
Packaged ready mixed in 6 x 750ml polythene flasks with trigger spray. Delivered in single containers if required	Risk of spillage if the container is dropped. Risk of injury to user if dropped.	Trained employees should handle only single containers at any given time. Take care not to drop the containers. Ensure that the cap is always secure.	Transfer container to store immediately following delivery. Do not leave containers in areas where users of the building will come into contact with them.
STORAGE			
Containers must be stored upright in a cool, dry storage area away from sunlight. Product must be kept stored in its original sealed container.	Minimal risk of spillage if triggers are firmly in place. Triggers are not child proof. Keep out of reach of children.	Keep containers in secure storage areas. Store all containers below chest height to minimise risk of dropping. Restrict access to storage areas to authorised personnel.	Use oldest stock first. Make regular checks to ensure that storage area is clean and tidy. Make regular checks to ensure containers are not split or blown.
USAGE			
Spray onto surface sparingly, then wipe off with a clean lint free cloth. VDU cleaning, apply sparingly to cloth and wipe area clean. For heavy soiled surfaces repeat application.	Avoid contact with eyes, may cause irritation to eyes and irreversible local damage. Ingestion may cause discomfort. Prolonged contact may cause skin to dry.	Handle the containers with care. Ensure that the container is returned to store when not in use. Always read the manufacturer's instructions prior to use. Ensure that all spillages are wiped up immediately.	Eye, skin and hand protection not required for normal use. Ensure that operatives are aware of Location of First Aid facilities and personnel.
DISPOSAL			
Empty containers must be rinsed thoroughly and disposed of as normal waste. Residual stocks may be disposed of into a foul sewer (sluice) using plenty of water. Recycle all containers wherever facilities are available.	In case of contact with eyes, rinse immediately with plenty of water. After using rinse hands thoroughly. Skin contact wash with plenty of water. After ingestion give nothing or a little water to drink. Get medical attention if you feel unwell.	Wash out the container using plenty of water. Do not store any other material in the empty container. Ensure that the container is exhausted before disposal. Ensure that the product is not disposed of via a rainwater sewer (ie drain outside the building).	Ensure that operatives are aware of location of First Aid facilities.
